Marine Conservation Volunteers 2023

Join our Marine team and gain valuable experience whilst helping us to collect research data on the marine mammals of Cardigan Bay and inspire and educate the public through our visitor centre and community engagement events.

What You Will Gain

This a fantastic opportunity for you to carry out marine research and become involved in environmental education and awareness raising work. You'll learn about the marine species of Cardigan Bay and gain experience in field work, processing data, environmental education, community engagement and more!

Past volunteers have gone on to further their academic careers, work as Marine Mammal Observers or to work for conservation or governmental organisations.

The Volunteering Role

Volunteers will assist with our vital Living Seas research and community engagement work. Volunteer tasks include (but not limited too) –

- Land based marine mammal surveys (daily)
- Boat based marine megafauna surveys *
- Running our visitor centre and inspiring visitors
- Entering and checking research data
- Updating our website/social media
- Conducting bottlenose dolphin photo ID
- Assisting with community engagement events
- Conducting beach cleans
- There will also be the opportunity to assist with other tasks e.g. fundraising, writing articles and creating Vlogs, acoustic analysis.

*** Time conducting boat surveys is subject to weather conditions and boat availability.**

Volunteers will take turns to be involved and during times when boat surveys aren't scheduled you will spend more time carrying out shore-based activities.

For those able to volunteer for longer periods of time (multiple blocks) there may also be opportunities to assist with additional research activities or become more involved in running community engagement events.

Marine Conservation Volunteers 2023

Volunteer Training

Our team of experts will provide volunteers with the following training –

- Induction to CBMWC and The Wildlife Trust of South and West Wales
- Marine species identification
- Marine survey techniques
- Data processing
- Community engagement

There may also be the opportunity to gain boating experience and qualifications through our partnerships with Dolphin Survey Boat Trips and [Cardigan Bay Watersports](#).

Volunteer Qualities

- A passion for marine wildlife and the environment
- Enthusiastic and willing to communicate with the public and other volunteers
- A mature and responsible attitude
- Proactive with the ability to carry out tasks independently and unsupervised
- Flexible approach to volunteering as tasks are weather dependant and may occur outside of normal office hours

Please note that enthusiasm and passion for our work and the marine environment is as valued as experience, since full training is provided.

Volunteer Dates 2023

Volunteer positions are available on the dates below. You **must** be able to volunteer for an entire block.

- **Block 2** – 24th April – 5th June (6 weeks)
- **Block 3** – 6th June – 3rd July (4 weeks)
- **Block 5** – 4th September – 6th November (9 weeks)

Volunteer Admin Fee

An administration fee of £45 will be required from all successful applicants.

Volunteer Accommodation

Shared accommodation will be arranged for successful volunteers (where required) at a cost of £70 a week, including bills, payable 4 weeks in advance. A refundable £50 deposit is also required and will be returned if the accommodation is left in the same condition it is found in. Please be aware that volunteers will **share same gender bedrooms**. Volunteers are responsible for their own travel, food and accommodation costs.

Please note CBMWC does not own the property. Volunteer accommodation is provided by a local landlord.

Opportunities for part-time evening work are available in the local area if volunteers wish to seek paid employment during their time in New Quay. For those wishing to volunteer for multiple blocks there may also be the opportunity to work as a Wildlife Guide with Dolphin Survey Boat Trips.

How to Apply

Download an application form and email it to volunteer@cbmwc.org with "Marine Seasonal Volunteer App 2023" in the subject line.

Please provide as much detail as possible, highlighting your experience and skills gained, in the application form. Incomplete applications will not be assessed so please make sure you complete the form fully, including availability.

Deadline - We are accepting applications on a rolling basis. Places will be offered to suitable candidates on a first come first serve basis
